LAWNDALE
Presbyterian Church

Hey Lawndale Family:

Grace and peace to you all!

We're very happy to announce that this Sunday we'll get to share in the Lord's Supper again! Also, the plan is that from here on we'll resume our regular rhythm of celebrating the Lord's Supper the first Sunday of every month.

We haven't partaken of the Lord's Supper as a church family since the first Sunday of March. During this time of COVID, we've engaged in the Biblical practices of Lament, feeling the loss of God's gift and crying out to him for healing, and Fasting, accepting this Providential absence of the meal and turning it into prayer for God to satisfy our Spiritual hunger with the realities the Sacrament signifies and seals.

But, thankfully, we now get to engage again in our practice of this important means of grace. May we do so with an even greater sense of gratitude for God's provision for our journey.

At both the 8:30 a.m. Worship Service in the Fellowship Hall and also the 10:30 a.m. Worship Service in the Sanctuary, for those who RSVP for the service, you will see a table with a bag of communion elements designated for your family. If you do not RSVP, and if there is still space in these respective services, you will see on the tables some bags labeled "guest." You are free to take one of those.

If you are at risk and/or desire to be especially careful, and you feel led to gather in person this Sunday and partake of the meal, you may participate in the 10:30 a.m. Worship Service in the Fellowship Hall. This would be the environment in which social distancing can be observed to the greatest degree.

Finally, if you do not yet feel you should gather in person, that's fine. We will gladly work with you to enable you to participate in the Lord's Supper in another way.

Blessings to you,

Bill
