Please read carefully the following school policy from the Parent/Student Handbook, and sign below.

3.13 Student Drivers
Students who are the appropriate age and have been issued a valid Florida driver's license are permitted to drive to and from school once they have registered with the school office. Student drivers are not permitted to use a cell phone while driving on school property and should not park in designated employee parking spots. Students are not permitted to drive off campus during the school day without administrative permission (exception is students in grades ten through twelve leaving campus for lunch with a signed parental permission slip on file). Student drivers must drop off and pick up any grammar school passengers in the established carpool lines.

I have read the above policy regarding student drivers, and I agree to abide by it.
