Dear Prospective Families,

Thank you for your interest and for prayerfully considering Augusta Christian Academy as an educational option for your family. Augusta Christian opened its doors in August 2023 with the goal of serving and supporting families who were looking for something “different” educationally for their child, as well as to be an outreach to our un-churched community.

At Augusta Christian, we work to establish a solid biblical foundation for our students, while creating a learning environment that supports their academic needs, as well as a nurturing environment that meets their social and emotional needs. We know and understand the need to support both the communication skills and problem-solving skills of our students. We believe in creating a high-engaging environment where students will feel challenged but also successful. Our students are held to high expectations but supported to reach their maximum potential. We do this while keeping our focus on sharing the love of Jesus and working to lead children to Christ. What a great way to impact our community!

Below you will find basic information about our school. If you have questions after reviewing this information, please contact the school or reference our website at www.acavirginia.org for more information.

Augusta Christian Academy admits students of any race, color, and national or ethnic origin. In accordance with Virginia state law, kindergarten applicants must be age 5 by September 30th. If you feel your child is not ready to begin kindergarten, we are able to offer a pre-kindergarten program that will ensure your family meets such state education requirements.
