

SMALL GROUP DISCUSSION

MARCH 9 □ 14

- 1. What does it mean for you personally that "everything belongs to God and comes from God"? How should this perspective impact your relationship with money and possessions?**
- 2. Paul talks about being "transformed by the renewal of your mind." How do you think allowing God to transform your mindset can affect the way you handle your finances and resources?**
- 3. In the sermon, it's emphasized that giving is a response, not an obligation. How can we shift our mindset to view giving as a joyful response to God's generosity, rather than something we "have to do"?**
- 4. What are some areas in your life where you feel God may be calling you to "burn the boats" and go "all in"? What might holding back from fully committing in these areas cost you spiritually or emotionally?**
