Seated

1. What jumped out to you from this week's message about being seated with Christ?
2. Where in your life do you most often feel "stuck" instead of seated in the victory Jesus has already given you?
3. Which of these is hardest for you to believe is truly under Jesus' authority (sin, fear, shame, addiction, or something else)?
4. What is one practical way you can remind yourself this week that you are seated with Christ and not under what used to control you?
