

Keep watch, dear Lord, with those who work,
Or watch, or weep this night,
And give your angels charge over those who sleep.
Tend the sick, Lord Christ; give rest to the weary,
Bless the dying, soothe the suffering,
Pity the afflicted, shield the joyous;
And all for your love's sake. Amen.

Q. 57. What is the fourth commandment?
A. The fourth commandment is, Remember the sabbath day, to keep it holy. Six days you shall labor, and do all your work, but the seventh day is a Sabbath to the Lord your God. On it you shall not do any work, you, or your son, or your daughter, your male servant, or your female servant, or your livestock, or the sojourner who is within your gates. For in six days the Lord made heaven and earth, the sea, and all that is in them, and rested on the seventh day. Therefore the Lord blessed the Sabbath day and made it holy.
Q. 58. What is required in the fourth commandment?
A. The fourth commandment requires the keeping holy to God such set times as he has appointed in his word; expressly one whole day in seven, to be a holy sabbath to himself.
Q. 59. Which day of the seven has God appointed to be the weekly sabbath?
A. From the beginning of the world to the resurrection of Christ, God appointed the seventh day of the week to be the weekly sabbath; and the first day of the week ever since, to continue to the end of the world, which is the Christian sabbath.

Postlude

First Scripture Lesson

¹ Solomon was building his own house thirteen years, and he finished his entire house.

² He built the House of the Forest of Lebanon. Its length was a hundred cubits and its breadth fifty cubits and its height thirty cubits, and it was built on four rows of cedar pillars, with cedar beams on the pillars. ³ And it was covered with cedar above the chambers that were on the forty-five pillars, fifteen in each row. ⁴ There were window frames in three rows, and window opposite window in three tiers. ⁵ All the doorways and windows had square frames, and window was opposite window in three tiers.

⁶ And he made the Hall of Pillars; its length was fifty cubits, and its breadth thirty cubits. There was a porch in front with pillars, and a canopy in front of them.

⁷ And he made the Hall of the Throne where he was to pronounce judgment, even

the Hall of Judgment. It was finished with cedar from floor to rafters.

⁸ His own house where he was to dwell, in the other court at the back of the hall, was of like workmanship. Solomon also made a house like this hall for Pharaoh's daughter whom he had taken in marriage.

⁹ All these were made of costly stones, cut according to measure, sawed with saws, back and front, even from the foundation to the coping, and from the outside to the great court. ¹⁰ The foundation was of costly stones, huge stones, stones of eight and ten cubits. ¹¹ And above were costly stones, cut according to measurement, and cedar. ¹² The great court had three courses of cut stone all around, and a course of cedar beams; so had the inner court of the house of the LORD and the vestibule of the house.

¹³ And King Solomon sent and brought Hiram from Tyre. ¹⁴ He was the son of a widow of the tribe of Naphtali, and his father was a man of Tyre, a worker in bronze. And he was full of wisdom, understanding, and skill for making any work in bronze. He came to King Solomon and did all his work.

¹⁵He cast two pillars of bronze. Eighteen cubits was the height of one pillar, and a line of twelve cubits measured its circumference. It was hollow, and its thickness was four fingers. The second pillar was the same. ¹⁶ He also made two capitals of cast bronze to set on the tops of the pillars. The height of the one capital was five cubits, and the height of the other capital was five cubits. 17 There were lattices of checker work with wreaths of chain work for the capitals on the tops of the pillars, a lattice for the one capital and a lattice for the other capital. ¹⁸ Likewise he made pomegranates in two rows around the one latticework to cover the capital that was on the top of the pillar, and he did the same with the other capital. ¹⁹ Now the capitals that were on the tops of the pillars in the vestibule were of lily-work, four cubits. ²⁰ The capitals were on the two pillars and also above the rounded projection which was beside the latticework. There were two hundred pomegranates in two rows all around, and so with the other capital. ²¹ He set up the pillars at the vestibule of the temple. He set up the pillar on the south and called its name Jachin, and he set up the pillar on the north and called its name Boaz. ²² And on the tops of the pillars was lily-work. Thus the work of the pillars was finished.

²³ Then he made the sea of cast metal. It was round, ten cubits from brim to brim, and five cubits high, and a line of thirty cubits measured its circumference. ²⁴ Under its brim were gourds, for ten cubits, compassing the sea all around. The gourds were in two rows, cast with it when it was cast. ²⁵ It stood on twelve oxen, three facing north, three facing west, three facing south, and three facing east. The sea was set on them, and all their rear parts were inward. ²⁶ Its thickness was a handbreadth, and its brim was made like the brim of a cup, like the flower of a lily. It held two thousand baths.
