# LIFE IN OUAGADOUGOU

## OUR CHURCH PLANT!

- Pictured is Jean Baptist and his Family with mine
- Jean Baptist has gone to our local seminary and has shown a passion for the Gospel. My focus while in Burkina Faso has been helping him plant a church.

## OUR CHURCH!

- Here is our church on a Sunday morning. You may notice the Christmas decorations. I helped put it up for Christmas, but Jean Baptist liked it and did not understand why would take it down afterwards... So it is still up to this day.

- Every week Jean Baptist and I take our motorcycles and visit anyone who comes into our church during the week

- Once a week I teach bible at a local school for several students as I encourage them to go to our church
- The School is not reformed, but the director wants bible taught and invited me to teach

- This is our first baptism. The woman was a Muslim convert that took a class on understanding the bible

- Questions?
