

# MISSION VALUES

Aspen Grove Christian Church exists to **Grow Followers of Jesus Christ** through Worship, Community & Service.

## Passion

What are we (AGCC) passionate about? Are there areas of service/ministry in which we are already serving?

## Purpose

Does our involvement in a mission solve a problem? What are the specific goals to be accomplished & how/when will they be evaluated?

## Personal

Is there opportunity to make & maintain relationships? Is there opportunity to be a part of the family at AGCC?

## Commitment

What is the time-frame & financial commitment involved?

## Communication

Is there opportunity for regularly scheduled reports & updates? How do we communicate & celebrate the win?

## Alignment

How does the mission align with our purpose as a church to "Grow Followers of Jesus Christ..."

## Prayer & Planning

God has given AGCC an incredible heart to love & serve our neighbors in Franklin, Nashville, and around the world. While AGCC has served & contributed to literally dozens of different ministries, both foreign & domestic, over the past few years, a small team of passionate Christ followers met in Dec. 2017 to prayerfully consider how AGCC might expand it's emphasis on missions. Out of that meeting rose an increasing desire to serve others in ways that are substantial, consistent & clearly defined.

As a result, a list of mission values (see column on the left) was created. The goal/purpose of these values is first to serve as a filter, helping AGCC discover & determine what ministries/area of service align with our own values. Secondly, the values help us clearly define the kind of relationship we will have with different ministries/areas of service.

## Next Steps

\* First, as the values presented will help to shape our future missions, please carefully review & pray over each.

\* Second, if there is an area of service or mission opportunity (foreign or domestic) that you feel aligns with these values, please submit it to [office@aspengrovecc.com](mailto:office@aspengrovecc.com)

\* Finally, after the team has considered how each of the potential mission & service opportunities fit within our values, a detailed mission plan will be presented.
