All Team meetings should happen in advance of Presbytery. Meeting rooms will not be available at New Valley Church on the day of Presbytery. We encourage all Team leaders to arrange virtual or in-person meetings at a different time. In an effort to conduct a healthy, safe, and neighbor-loving meeting we encourage all presbyters and guests to consider the following commonsense practices.

Those who are sick are asked to stay home and not attend Presbytery. The elderly and vulnerable should consider staying home as well.

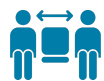

Masks are beneficial and encouraged—but not required. Please use discretion where social distancing is not possible.

We encourage all to interact without contact or us a wave, *fist/elbow-bump* instead of a handshake/hug.

Hand sanitizer stations will be available throughout the building. Please utilize as you enter and exit.

All guests will be asked to maintain reasonable distance from others while seated in the sanctuary.

We encourage all to avoid close groupings. While gathering in groups, please social distance when possible.

I very much look forward to being with you all. Blessings,

Pete Rehrmann

Moderator, Arizona Presbytery
