Additional Notes:

Key Points of Consideration & Application:

1.) What has been my past perspective and understanding of science, the scientific method, and the scientific community, as they relate to creation, the Bible, and my faith, and how has it changed over the years?

2.) How has my understanding of the nature of the Bible changed over time, and how has that impacted my outlook on it, and my response towards it?

3.) How has my conscience, thoughts, and desires been shaped by views of God, creation, mankind, and the Bible?

Key Passage to Memorize & Meditate Upon: Rom 1:18-20 (LSB) For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men who suppress the truth in unrighteousness,¹⁹ because that which is known about God is evident within them; for God made it evident to them.²⁰ For since the creation of the world His invisible attributes, both His eternal power and divine nature, have been clearly seen, being understood through what has been made, so that they are without excuse.
