

LADIES CHRISTMAS TEA

DONATION WISH LIST

The items listed below were thoughtfully chosen by adults in our community who live with disabilities and who faithfully work every day. Many of them have very specific palates and sensory needs, which can make traditional food pantries challenging when the brands or flavors available are not ones they can comfortably enjoy.

This Christmas season, as we celebrate the love of Jesus and the way He sees each person uniquely and personally, thank you for helping us honor their dignity by giving in a way that reflects that same heart. Your generosity is a tangible expression of His care this season.
