Men are never duly touched and impressed with a conviction of their insignificance until they have contrasted themselves with the majesty of God.

## Recommended Reading

All thoughtful Christians want to better understand the Bible, its author, and its influence on their beliefs. In short—whether they recognize it or not—they want to understand theology. But many find the subject matter too academic, dense, or difficult to understand, and they lack proper study resources to help expand their knowledge of God and his written word. Designed to make systematic theology clear and accessible for the everyday Christian, this devotional walks through the most important theology topics over the course of a year. Each month is categorized into broad themes, starting with the study of God and concluding with the end times. Written by bestselling author and associate professor of systematic theology Kevin DeYoung, each concise daily reading contains verses for meditation and application, building upon each other and easing readers into the study of systematic theology.
