

# City Church Member Covenant

The following Covenant will help ensure that each member flourishes as a part of the City Church community. Each City Church member is required to read and sign this covenant.

I, \_\_\_\_\_, commit to:

- walk with Jesus, going to Him in prayer, submitting to His word, and practicing repentance
- pursue purity and biblical obedience in all areas of life – including our thought lives, our speech, our relationships, and our sexuality (refer to the “Contemporary Issues” section of *The City Church Distinctives* document for clarifying statements about important moral issues)
- serve City Church as my home church, not functioning as a member of any other local congregation
- follow the pastoral leadership of City Church as they follow Christ, being open to loving correction and submitting to biblical church discipline should the need arise
- uphold the doctrine, theology, and core values of City Church and avoid divisiveness and foolish controversies over secondary issues
- own the mission of the City Church and take initiative to achieve the vision, offering my time and talents to serve faithfully
- reorient my calendar to be able to participate regularly in church meetings and community life
- be responsive to communication from church leadership in a timely manner
- give money cheerfully, regularly, and sacrificially in accordance with biblical stewardship to support City Church
- walk in the light with other members of City Church, confessing sin and growing in grace in community, and seeking reconciliation when the need arises
- pray for the advancement of the gospel in Gainesville through City Church and all other faithful churches in the city

IN SIGNING THIS DOCUMENT:

- I commit to all statements mentioned above
- I affirm the City Church Statement of Faith\*
- I affirm that I have read the “City Church Distinctives” document. Regarding to the “Theological Distinctives” - I agree not to teach against them. Regarding the “Contemporary Issues” - I am in full alignment or have discussed and cleared my concerns with a pastor or elder.
- I affirm that I am aligned philosophically with the mission, vision, and core values of City Church.
