Grade:

DISCIPLESHIP AND PRAYER FOR MY CHILD(REN)/STUDENT(S)

As parents in the DRPA, we all have academic goals for our children, but more foundationally before God we must have discipleship goals for them as well. With this, we must have passionate prayer for our children knowing that without God's grace and power our goals and dreams will be carried on our own strength or even worse we will get off track. It is easy as homeschoolers to get focused on curriculum or get sucked into the busyness of life, so it is important we pause to fill out this form and share together as a community. Please take a moment and share with us your heart for your child and what you will be doing this year to guide their spiritual life and how you will pray for them. As a part of your responsibilities as faculty in the DRPA, we want to know about your discipleship goals and prayers for your student(s). Knowing your heart for the spiritual life of your child(ren) will help us to hold you accountable and pray earnestly for God's hand of favor to be on you as parents, seeking to serve the Great Commission in your home.
