

EVERLASTING LIFE BAPTIST CHURCH

THE PREMILLENNIAL SEQUENCE OF END TIME EVENTS

Terry N. Wilson
Pastor-Teacher

Human history has meaning and purpose. It is not a random collection of events. Rather, it is being guided to a predetermined end, to fulfill the purposes and plans of God for His glory. History, then, is His story, moving along a straight line which biblical prophecy has informed us. Indeed, Genesis to Revelation infallibly and inerrantly discloses the linear movement of history from its beginning to its culmination.

Premillennialism is an understanding of the prophetic Scriptures that outline the sequential occurrence of key events that will transpire in history. Premillennialism also asserts that Jesus Christ will return to earth personally, visibly, and bodily prior to the establishment of the Millennial Kingdom. The kingdom, also known as the Messianic Kingdom, will endure for one thousand years, over which Christ will reign. To help students envision the events to come, a timeline has been provided.

Note: Not all relevant Scripture texts for each prophetic event are supplied in the visual presentation. May the information given in the timeline enhance your understanding of God's future plans for the history of the world.
