

Hebrews Part 2: Jesus, Our High Perfect Priest Forever
Lesson 6: Chapter 9, “God’s Presence in the Midst of His People”
February 18, 2024

1. Let’s conduct a comprehensive overview of the Tabernacle, constructed by Moses by God’s direction, under the Old Covenant. According to Hebrews 8:1-5, the Tabernacle was designed after the pattern of what?
2. Carefully read Exodus 25:1-9.
 - a. What were the Israelites to construct?
 - b. From where were the building materials to come?
 - c. How did they know what to construct?
3. Below is a diagram of the Tabernacle which the Israelites were to construct. Each of its articles is a picture of the person and work of our Lord. Our worship is the recognition and application of each of those aspects. Apply and identify the importance/purpose/placement of each article in our worship.

a. The Gate –

- b. Bronze Altar of Burnt Offering –
 - c. Bronze Laver (basin) –
 - d. Table of Shewbread (Bread of the Presence) –
 - e. Golden Candlestick –
 - f. Altar of Incense –
 - g. The Veil –
 - h. Ark of the Covenant –
 - i. The Mercy Seat –
4. Read Exodus 25:10-22 and 40:34-38. Make notes on what God says about the Mercy Seat.

 5. Carefully read through Hebrews 9:1-10:18. The first half of Hebrews 10 is included because there is no clear division between the two chapters. What do you remember from last week's study of Exodus 24, regarding the inauguration of the Old Covenant that you can apply to an understanding of this passage?

 6. As you read through these chapters, write out any questions about interpretation that come to mind.
