Romans 12:3-6

1. Based on what was presented in our service and what you might find on their website, what do you consider interesting or impactful about MMS Aviation?

2. Explain in your own words the point of Paul’s metaphor in Romans 12:4-5 concerning the body? How do different “members” work to build into a healthy, unified body? Is any part of the body insignificant or less important to the healthy functioning of the body? Why? See 1 Corinthians 12:12-26.

3. What gifts have you been given by God’s grace? How do you use them to benefit the body? In what ways can you encourage others to use their gifts to serve the Lord?
