# OUR STORY

Dan and Beth were both converted to Christianity during their formative years. They met in college through God's providential use of a soccer ball. After their marriage, they moved to the Twin Cities for Dan to pursue theological education and local church ministry.

Dan completed a Master of Arts in Bible Exposition in 2008 from Central Baptist Theological Seminary in Plymouth, Minnesota. He completed a Master of Theology in 2020 from Puritan Reformed Theological Seminary in Grand Rapids, Michigan. Dan is also a certified counselor with the Association of Certified Biblical Counselors.

In 2009, Dan helped plan Grace Community Bible Church in Lakeville, Minnesota. In 2023, Dan resigned as one of the pastors to devote more time to equip under-resourced leaders.

The Burrus' long interest in global missions took a turn in 2016 when their church took a survey trip to West Africa to see how Grace Community Bible Church might minister in Sierra Leone. As a result of this trip, through some providential connections, God called Dan to join Equipping Leaders International as Faculty Instructor.

# OUR ROLE

Dan travels multiple times per year to train pastors in Sierra Leone and other places as God leads. He is thrilled to be working with solid leaders in Sierra Leone and discipling them so that Sierra Leone Christians are taught to obey everything that Jesus commanded (Matthew 28:20).

Beth is taking care of their children (Jeselyn, Evangeline, Gabriel, and Noella) and counts it a great privilege to assist Dan in teaching the nations.

# TRAIN THOUSANDS OF GLOBAL LEADERS

# CHRISTIANITY IS GROWING EXPONENTIALLY THROUGHOUT THE DEVELOPING WORLD

87,000 total professions of faith every day worldwide

30,000 churches planted each month

More than 10,000 men and women thrust into church leadership roles each month, without training. Very few are equipped to lead churches or teach the Scriptures

95% of current global pastors have little formal training

# A NEW MODEL FOR DOING MISSIONS

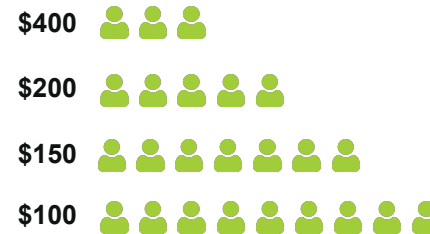

Equipping Leaders International (ELI) partners with under-resourced ministry network leaders to equip national trainers, who in turn teach others. This minimizes language and cultural barriers, and empowers national leaders to impact their churches, schools, and communities through sound biblical instruction.

# PARTNER WITH US FINANCIALLY

We invite you to prayerfully invest with us in equipping leaders to impact their worlds. ELI empowers faculty to raise their financial support. Your investment goes directly to ministry and personnel expenses, allowing us to fulfill our ministry. Use the chart below to help guide you as you consider your financial investment.
