

Parents,
I pray your week has been fruitful. I want to hi-light a way for your student to live out their faith outside of church. There are so many opportunities for your students to be involved in Bible clubs on their school campus. Encourage them to get involved. if you want details for your students campus, contact me. Many of our students lead these out, but just being there is a BIG deal. As always, I'm here for you. Have a great finish to your week!

Todd
