 2017-2018 MEMORIZATION SCHEDULE

Dear Bible Drill Member,

In the table below you will find the tentative schedule for your verses this year. You should practice the verses so that when you come into drill practice, you will have already memorized or at least be working on the verses that are listed for that night. This will help you with the games we will be playing. Also work on memorizing the books of the Bible.

Younger Children will spend time each evening working on them.
