				The item for Operation Christmas Child for August is <u>School Supplies</u>. Put them in the box in the foyer		

Back to School / Back to Church

This year our plans for "Back to School" are different. My wife is planning to teach in front of a camera in an empty classroom. Many children in our area will be going "Back to School" while staying at home. At least that is the latest we have heard. It may change.

I am thankful that I can announce that our experiment with an open-air service was successful! We are planning to continue this way as long as the weather permits. The other possibility would be that we might be allowed to worship together inside again. I hope that happens before too long.

So, on Sunday mornings we will be together on the parking lot at 9:00am. Adult Sunday School will be on Zoom.us at 11:00am. On Sunday evenings, we are calling our small group time, "Powerhouse." Powerhouse for youth meets in our Youth Building on Sunday nights at 6:00pm. Powerhouse for adults meets in the Sanctuary at 6:00pm. Don't miss this opportunity to grow in the Lord.

I would like to thank Katy Cardoza for her faithful service to our Church family as treasurer. She has served us even from Montana. We have found a new treasurer! Dale Navarrete has volunteered and has been elected as our new treasurer. We want to welcome him into this new position and wish Him God's blessing as He serves.

At our last Church family meeting we voted overwhelmingly in favor of our new Constitution. This means that we are going to have many opportunities for service in our Church family. Please be in prayer about where you might fit into these new opportunities.

As we get back into the swing of things, please make it your priority to be active in our Church family. Attend worship on the parking lot or online. Pray for everyone who serves our Church. Continue to give generously so that the work can go on without a hitch. Thank you for giving to the Lord. Lives are being changed.

In His Loving Service,

Pastor Tim Rempel
