LOS ANGELES

"Almost every movement of God in America, outside of the Great Awakenings, has roots in Southern California. We believe there is a church planting movement afoot in Los Angeles right now and there is no city better equipped to influence the rest of our nation than LA. Pray this revival of church planting will take hold and then sweep across the nation. It has happened before and, with God's blessing, it can happen again." ~Will Browning, Los Angeles Send City Missionary
