Pray God will bless our family and church plant as we serve the Hispanic community here. Pray for us as we strategize future church plant locations. Pray for the disciples we are beginning to raise up. **Pray 10/08/23 – 10/14/23**

SEND NETWORK Español

The growth of the Hispanic population in North America has accelerated tremendously in the past decade. Send Network Español helps churches identify, develop and send out called men who aspire to plant churches in North America by bringing all our best assessment resources, training, coaching, and planter care to Spanish-speaking planters in their native language. Pray God will raise up planters who have a burning, God-given passion to reach Hispanics by starting new churches in North America, regardless of the obstacles they may face.
