SEND NETWORK ESPANOL

The Hispanic population in North America has accelerated tremendously over the last decade. Send Network Espanol helps churches identify, develop and send out called men who aspire to plant churches in North America by bringing all our best assessment resources, training, coaching and planter care to Spanish-speaking planters in their native language. Pray God will raise up planters who have a burning, God-given passion to reach Hispanics by starting new churches in North America regardless of the obstacles they may face.
