“Spread the Word!” (Luke 2:8, 15-20)

Larry Norman’s song reflects the attitude of the shepherds, an attitude of proclamation (v.8).

1. They desired to investigate the message.

They spoke to one another (v.15).

- a. “Let’s go straight to Bethlehem.”
- b. “Let’s see what has happened.”

2. They discovered the truth of the message.

The angel had given them a sign (v.16).

- a. They found Mary and Jospheh.
- b. They found a baby lying in a manger.

3. They delivered the message to everyone.

- a. They said what they were told (v.17).
- b. All who heard were amazed (v.18).
- c. Mary’s response (v.19).

4. They decided to go back to work (2:20).

- a. They had a new attitude.
- b. They had a new conviction.

Conclusion:

The shepherds were wonderful witnesses because...they desired to investigate, they discovered the truth, they delivered the message and they decided to go back to work.

We should too.
