

Make a Joyful Noise

By Ellie Holcomb

And a one, a two
A one, two, three
Sing a song to the Lord,
go on and lift your voice
Sing a song to the Lord,
and make a joyful noise
Sing a song to the Lord,
go on and lift your voice
La la la, la laa, and make a joyful noise
La la la, la laa
La la laa, la la la la
La la la, la laa
And make a joyful noise

Sing a song to the Lord,
go on and clap your hands
Sing a song to the Lord,
go stomp your feet and dance
Sing a song to the Lord,
go on and clap your hands
La la la, la laa, go stomp your feet and
dance
La la la, la laa
La la laa, la la la la
La la la, la laa
Go stomp your feet and dance

Clap your hands and stomp your feet
God made the whole world to sing
He fills our hearts with all His love
So we can lift our voices up
Sing a song to the Lord,
go shake your tambourine

Sing a song to the Lord,
and let your voices ring
Sing a song to the Lord,
go shake your tambourine
La la la, la laa, and let your voices ring

Clap your hands and stomp your feet
God made the whole world to sing
He fills our hearts with all His love
So we can lift our voices up

Tell 'em all about it, boys

Sing a song to the Lord,
go on and lift your voice
Sing a song to the Lord,
and make a joyful noise
Sing a song to the Lord,
go on and lift your voice

La la la, la laa, and make a joyful noise
La la la, la laa
La la laa, la la la la
La la la, la laa
And make a joyful noise

La la la, la laa
La la laa, la la la la
La la la, la laa
And make a joyful noise
La la laa, la la la la
And make a joyful noise
