

WORTHY

FLOURISH MUSIC, TYLER DANIEL, AUSTIN DAVIDSON, KARA ZIMMERMAN

VERSE 1

You laid down a crown of glory
You took on the pain of thorns
Exalted in the highest places
A servant you came with joy
Every burden and pain you bore
Darkness and death destroyed

CHORUS

Jesus, there is no one like you
Holy, holy, holy are you Lord
Jesus, there is none beside you
Worthy is our lamb forevermore

VERSE 2

Perfect love and life rejected
We bowed before lesser kings
Crucified without objection
Wounded for our peace
Every burden and pain you bore
Darkness and death destroyed

CHORUS

Jesus, there is no one like you
Holy, holy, holy are you Lord
Jesus, there is none beside you
Worthy is our lamb forevermore

BRIDGE

There is none more able
No one more faithful
There is none like you, none like you
There is none more gracious
No one more patient
There is none like you, none like you
Oh the king who's worthy
You are strong and mighty
There is none like you, none like you
God you reign in glory
All of heaven roaring
There is none like you, none like you

CHORUS

Jesus, there is no one like you
Holy, holy, holy are you Lord
Jesus, there is none beside you
Worthy is our lamb forevermore
