

Design Team

Graphic Designers & Digital Artists - here's how you can use the gifts, talents, passions God has given you to love and serve the church creatively. We're looking for digital creatives at all of our congregations to help collaborate and create visual needs for all of our ministries at our congregations. You'll get to help assist the Communication Director to create slides, print materials, collaborate on sermon series, and other creative needs. Why is this important? Your designs will help communicate clearly and visually engage the church. We want designs to feel purposeful and deep, while holding a high standard of art and beauty. Design doesn't need to be trendy or flashy, but it needs to stir the soul to something greater.

Rhythms

- Serve 5-15 hours a month
- Monthly touch base with Communication Director
- Initial commitment of three months

Responsibilities

- Be available for the time commitment agreed upon by you and the Communication Director (estimated 5-15 hours a month).
- Work directly with Communication Director and/or Ministry Director to complete assigned project.
- Collaborate with Design Team on sermon series, event, and other artwork.
- Be willing to accept feedback and direction from Communication Director and Ministry Directors. We hope that each project will give you the chance to help grow your skills.
- Deliver all project assets by the deadlines agreed to with the Communication Director.
- Be willing to be flexible and adaptable. We are growing our Creative Team so we are open to ideas and suggestions, and we will adjust duties and expectations as needed.
