

TEACHER QUESTIONNAIRE

We believe that a teacher at any level is a key ingredient in the long-term success of Christian education and the development of our personal holiness. A teacher is not the only ingredient to this success but can single-handedly either help or hinder our maturation. We ask that you take seriously your ministry as a teacher as you fill out this questionnaire. We want you to know that it is our desire to help make you effective at any level that you teach.
