### **Genesis 7: “God’s Judgment”**

**Ice Breaker:** Have you or someone you know closely ever gone through a flood? What was most memorable about the experience?

#### **Dig:**

1. How severe was the flood? What was its purpose? Why?
2. Along with Noah, who and what were spared from the flood? What did each of them have to do to be spared? What obstacles do you think they likely encountered?
3. What specific facts are included in this account that lead you to believe the event really happened rather than it just being a moral story?

#### **Apply:**

4. What is something difficult God is asking YOU to do? What important obstacles stand in your way? What do you take away from this passage to help you overcome the obstacles you are facing? What next steps will you take?
