

## Tony and Tawny Arnds – Update February 2026

- Family
  - Both Tony and Tawny are doing well. Tony is still having neck pain but is grateful that it is not getting worse. Tawny recently had a biopsy, but so far, tests are showing clear results, which is great news.
- Folsom Bible Church
  - People are growing spiritually. Two new baptisms are coming up soon. The congregation is full of enthusiasm for one another, expressing genuine kindness and care toward one another.
  - 6 couples have recently or will soon move out of state, including some who were taking important leadership roles. Pray for others to step in and serve where there are needs.
  - Bible studies, Small Groups, Discipleship training sessions are well attended and well received by the congregation, which is a great encouragement to Tony.
  - Church leaders have been leading a monthly worship service for a retirement home nearby. The church also hopes to start a new Bible study on the campus of Folsom Lake Community College soon as an outreach to young adults who attend there.
- Prayer Items:
  - Pray for a new discipleship training workshop beginning March 7. The goal is to better equip the men in the church to mentor other men in God's Word and how it can shape their everyday lives for God.
  - Pray for the new Bible study to start and grow at Folsom Lake Community College.
  - Pray for those in the congregation moving away, that they would find good churches to attend and in which to serve God.
  - Pray for others in the congregation to fill in the missing leadership roles and enable the church to continue to grow in knowledge of God's Word and in love for Him.
  - Pray for Tony and Tawny to have the strength to remain faithful to God in the ministries He has entrusted them with.
