

From the President's desk - December 2024

Dear family and Friends,

As we look back over this last year, our hearts are filled with immense gratitude for all that the Lord has done in advancing His unstoppable cause throughout the Latin American world. Just a week ago, the SEPE seminary graduated 26 students that are equipped to lead the Lord's church in various Central and South American countries. One reason this has been possible is through the generous financial donations that many of you have been so faithfully contributing. For this we are profoundly grateful!

Another way God has provided has been through the SEPE International (SI) Internship Program. It truly is a win-win situation as those who participate come and offer their ministry skills to bless the Seminary or the local church and, in turn, the intern receives a cross-cultural experience in a biblically sound ministry context. One of the greatest blessings of the internship program is that the revenue that SI receives from each intern will be used to subsidize the cost of training the SEPE Seminary students. For this we are equally as grateful!

So, as we look forward to 2025, I encourage you to check out the SI Internship web page and share this email with others in your church, especially with those that might have an interest in engaging in an international ministry experience.
