Esther's Journey: More Hope

God places His people in specific positions with great purpose. Mordecai adopted Esther. They worked together when the king issued a decree to annihilate the Israelites.

God raised up Esther to be the queen of the land. Esther was wise as she told the Israelites to fast for three days. Reliance on God is always a good decision. Esther was brave as she approached the king. She risked her own life to save many people.

Mordecai and Esther placed their hope in God. God rescued the people, demonstrating His power and goodness.
