Subject: DETAILS OF THE NEW THREE CHURCH PLANTS 2021

Hello everyone Praise God for his love endures forever.

Am humbled to share with you the details of the three new church plants that lord has ended on his work in Bundibugyo. The worldwide enterprise for God that our Team leader talked about some 18 years ago begun with one church of **12** people in the heart of Bundibugyo Town council and it has now grown to 19 churches to day with total population of **6,032** church members and our Ministry dream is have 25 churches by 2025.

It's our humble prayer to God that he who began this work in Bundibugyo should open ways for funds to enable us to acquire Land, Sitting accommodation and a worship place for the new converts in these new churches. Let him alone increase and we decrease for the glory of his name.
