

## Encounter Guidelines

At these Encounters, a miracle will happen in your life through the focused and powerful teaching of God's word. You will be individually prayed for and ministered to by the Encounter team who expects nothing less than God's power to radically change your life. Prior to the Pre-Encounter, the Encounter team spends about a week in prayer, and fasting for the Encounter and all the participants; including you. If you desire a change in your life because nothing is happening and life seems to be going nowhere or you want to be used more by God, then the *Encounter is for you!*
