

# KINDRED CANCER CARE

## OBJECTIVES:

1. Provide comfort and support to KCC members and their Care Givers when they have been diagnosed with cancer.
2. Point KCC Members who are battling with cancer to the ultimate “Healer”, “Comforter”, and “Encourager”, Jesus Christ.
3. Help our members follow a biblical model for facing cancer, rather than facing cancer as those without hope.
4. Help members battling cancer to better understand who their God is and the hope both (temporal and eternal) He offers.
5. Connect church members who have cancer with other members who have experienced God’s comfort in the midst of battling cancer, and who will walk with them through their journey.
6. Use our Cancer Care Ministry as an evangelistic tool for our members to reach out to unsaved family members, friends, co-workers, and neighbors who have received a diagnosis of cancer and offer them a place to go to pursue understanding and help in their cancer journey.
7. Be a support in navigating the issues on the cancer journey.

## Who Can Participate in Cancer Care Group and Care Giver Meetings:

- Member
- Regular attender participating in Membership Class
- Individual invited by a KCC Member, who is part of the member’s sphere of influence, and KCC Member is also willing to attend

## CANCER CARE TOOLS:

1. Cancer Care Patient & Care Givers Study Groups
2. Cancer Care Support Groups
3. Cancer Care Buddy Program - Individual Support
4. Cancer Care Prayer Support Team
