

KNOLLWOOD FAMILY,

For nearly 50 years, God has used Knollwood to make Jesus known. We stand on the shoulders of those who came before us—faithful men and women who prayed, served, and sacrificed so that this church could be a light in our community. Now, as we look ahead, we have the opportunity to build on that legacy and prepare for the next 50 years of ministry.

Jesus commissioned His disciples in Acts 1:8, calling them to be His witnesses—starting where they were and reaching to the ends of the earth. That same calling is ours today. God has been incredibly faithful to Knollwood, and now is the time to take the next step. Together, we can increase our reach, impact more lives, and make Jesus known in even greater ways.

What if everything God has done in and through Knollwood so far has been preparing us for this next season? What if His past faithfulness is an invitation to trust Him for even greater things?

Mary and I are excited to invite you to step forward in faith with us as we increase our reach together. Our world needs the hope of Jesus like never before, and there is no greater mission than the one He has given us.

Blessings,

Chris

KNOLLWOOD
COMMUNITY CHURCH

OUR PRIMARY GOAL

100% ENGAGEMENT

Knollwood Family, the opportunity before us is built on the foundation of God's faithfulness over the past 50 years. We stand here today because of those who prayed, served, gave, and trusted God before us. Now, it's our turn to seek Him for what's next.

Jesus calls us to be His witnesses (Acts 1:8), and that begins with each of us asking, **Lord, what would You have me do?** This campaign isn't just about giving—it's about listening to God, stepping out in faith, and growing in obedience. That's why our primary goal is 100% engagement.

We're asking every person who calls Knollwood home to go on a spiritual journey—individually or as a family—to seek God in prayer and obey whatever He leads you to do. There's no set amount, no expectation beyond this: pray and obey. If 100% of us will do that, we will be exactly where God wants us to be.

This is not a season for spectating—it's a call to participate. We believe God is doing a new thing at Knollwood, preparing us for the next 50 years of ministry. The question before us is, **Are we willing to step out in faith and be part of it?**

Let's seek the Lord together and follow where He leads.

OUR SECONDARY GOAL

INCREASING OUR REACH TO BUILD A STRONGER FUTURE — \$3 MILLION —

Knollwood Community Church has been a place of worship, community, and life change for nearly 50 years. As we look ahead to the next 50, we believe God is calling us to strengthen our foundation and increase our reach. Over the next two years, we are trusting God to provide \$3 million—\$2 million for our regular operating budget and an additional \$1 million to propel us forward in three key ways:

- **Increase Our Financial Flexibility** – To advance our mission, we must *remove financial barriers*. By strengthening our finances and accelerating mortgage debt reduction, we free up resources to *invest boldly in the future*. This step ensures Knollwood's financial health as we prepare to refinance our mortgage on February 1, 2026.
- **Increase Our Ability to Welcome Guests** – Our campus should reflect the *welcoming heart of Jesus*. We will enhance our worship center, foyer, signage, and facilities to create an inviting and inspiring space. This transformation will help guests feel at home and equip our church family to grow.
- **Increase Our Community Influence** – With stronger finances and a renewed space, we'll expand our *reach beyond our walls*. We'll strengthen marriages, families, and relationships, enhance our online presence, and launch new initiatives to connect people to Jesus.

This is more than a financial goal—it's a *faith step*. As we give generously, we are investing in the future of Knollwood, ensuring that we remain a place where lives are changed, relationships are strengthened, and the gospel continues to impact our community and beyond.

Will you join us in this vision for the future?
