Dear Family,

In September 2024, the Lifewater elders learned of unacceptable conduct by Andy Durbin committed over fourteen years ago. While serving as a Pastor at another church, he spiritually and sexually abused someone under his care. Once the details of this conduct emerged, the Lifewater elders terminated Andy from the Lifewater Church staff.

Since disclosing this information to our church family in October 2024, no claims of misconduct have been made against Andy while he was on staff at Lifewater Church. We want to ensure that if anyone wants to report any inappropriate behavior, a safe and anonymous pathway is available. Any disclosure will be handled appropriately and confidentially through the following link. [Anonymous Disclosure](#)

Lifewater Church condemns all forms of clergy abuse and strives to be a place of healing. We are working to improve our training, our policies and procedures, and our hiring practices to ensure we have a safe, protected environment for our church family and visitors.

Sincerely,

Lifewater Church Elder Team:
