

Christ Between the Gardens | Revelation 22:1-5

May 29, 2022

Normal Hubble View

Deep Field

This is the image of the Hubble Telescope Ultra Deep field. It was created by combining multiple images taken over 10 years of the same area of sky. How does it compare to what you see in the night sky?

How is the Bible's focus on Christ like this telescope?

What does it reveal about God?

Where does the Bible story begin, and where does it end? Why does God take thousands of years to complete the story?

Why is man so important in the revelation of the Bible?

**Read Revelation 22:1-5.**

What parallels are there between the original Eden and the new heaven and earth?

What happened to the original Eden?

How was the curse broken?

**Application**

**Read 2 Corinthians 4:3-6; Colossians 1:13-14**

What does it mean to be a Christian?

What is important to you about the next new person you meet?

**Prayer**

Pray for those who are not Christians for the light of God's gospel to shine on their hearts.
