

Freedom in Christ lead to joyful unity in the church | Acts 15:1-

35

August 20, 2023

Have you ever been accused of sinning when what you did was not wrong?

Are there actions you considered sins in the past that you no longer condemn?

Read Acts 15:1.

What were the believers from Jerusalem demanding the believers do?

Why would this demand have been so damaging to the Gentile church?

Read Acts 15:19, 20.

What was the conclusion of the church of Jerusalem about this demand?

Why were these new regulations so important?

Read Acts 15:31.

What was the reaction of the church at Antioch to the Jerusalem letter?

Application:

How can we show love to one another in what we expect of them?

Do you hold others **only** to God's word?

Have you warned others of **real** sin?

Have you confessed **real** sin to the Lord and to one another?

Prayer:

Lord, help us as a church to gratefully live in the grace of the gospel.

May I understand the biblical standards of sin according to your word.
