How to do a worship service in your setting?

- Pray – Begin your time by praying – pray for your time of worship, inviting God into your house (or wherever you happen to be).
- Music – Utilize our worship video on this page or your own song set and just sing to the Lord. It might be a little awkward in the beginning, but you can make the music louder and you'll be fine.
- Message - Click on the video and watch the message from Pastor Mike.
- Discussion - Use the questions provided as a guide to help you navigate through the message. This is a great opportunity to even get more out of the message for everyone in your setting.
- Pray – “Points of prayer” (at the bottom of this page) is a guide for you to work through as others from church are united with you in praying the same thing. One person can pray or assign others to pray for the different points.

- Pray for their perseverance through the lean and difficult times, that they wouldn't let discouraging circumstances get the better of them.
- Pray that the Lord would bring alongside our grads other likeminded and like-hearted individuals who would labor with them in their schools.
