How to do a worship service in your setting?

- Pray – Begin your time by praying – pray for your time of worship, inviting God into your house (or wherever you happen to be).
- Music – Utilize our worship video on this page or your own song set and just sing to the Lord. It might be a little awkward in the beginning, but you can make the music louder and you'll be fine.
- Message - Click on the video and watch the message from Pastor Mike.
- Discussion - Use the questions provided as a guide to help you navigate through the message. This is a great opportunity to even get more out of the message for everyone in your setting.
- Pray – “Points of prayer” (at the bottom of this page) is a guide for you to work through as others from church are united with you in praying the same thing. One person can pray or assign others to pray for the different points.

Discussion

- Have you ever discussed or researched church discipline? What comes to mind when you hear that phrase?
- Why is it dangerous to sweep sin under the rug instead of dealing with it? What can happen (short and long term) if you don't deal with it?
- Why are we do we often feel hesitation to keep each other accountable? Why is confrontation so hard do deal with?
- What would it look like for you to let somebody be honest with you and talk about your sin? How would that be a good thing for you?

Kids questions

- What is discipline? How does being disciplined show love?

Points of Prayer

- Pray for your family and the stress that comes with all of the changes happening so quickly.
- Pray for your neighbors and loved ones and for opportunities for God to use you during this time.
- Pray for our church and church leadership as we continue to figure out how to be the light in a dark world and make wise decisions.
- Pray that God would heal our world of this pandemic.
