STRENGTHENING THE GLOBAL CHURCH THROUGH THE MINISTRY OF THE WORD

Moretti Ministries funds a variety of ministry projects around the world: translating and distributing the Scriptures, building churches and training centers, training pastors and ministry leaders, proclaiming the gospel, and more. But in all that we do, we're driven by just one simple conviction— only the truth of God's Word can bring a dead heart to spiritual life and mature believers in their faith and love for Jesus Christ. We primarily work in developing nations, but our reach is truly global, and our vision is to glorify God and see His Church flourish by supporting the work of:

- *Evangelizing the Lost*
- *Establishing & Strengthening Churches*
- *Equipping Believers*

OUR WEBSITE HAS A NEW LOOK!

We would love for you to check out our new website and prayer calendar. Prayer is one of the greatest gifts our partners give us. We have a faithful group who consistently prays for the ministries we support and the churches benefitting from our grants. The new prayer calendar highlights a different project each day of the month, and we'll keep updating and adding to it as time goes on.

”

So then neither the one who plants nor the one who waters is anything, but God who causes the growth. Now he who plants and he who waters are one; but each will receive his own reward according to his own labor. For we are God's fellow workers; you are God's field, God's building.

1 Corinthians 3: 7-9

This newsletter will highlight a couple of projects we have been blessed to fund. What a privilege to be able to partner with other organizations globally to glorify God and help build His church!

HONDURAS

SEMINARY FOR EXPOSITORY PREACHING (SEPE)

The mission of this ministry is to train Christ-centered expositors who plant and pastor churches locally and globally. Currently, they serve 400 Spanish-speaking students throughout Latin America and the Caribbean.

Moretti Ministries was able to provide one-time financial support for several national pastors currently enrolled in SEPE seminary programs in Latin America. These individuals are actively serving in under-resourced local churches while pursuing theological education. The funding assisted with tuition, books, and ministry-related travel expenses, empowering them to continue their dual role as spiritual leaders and theological learners within their communities and globally.

INDONESIA

CHRONOLOGICAL DISCIPLESHIP MATERIALS

This project is to reprint discipleship resources for various tribal pastors and church leaders for use in the discipling of their members and church communities, grounding them in the basic doctrines of our Christian faith.

Moretti was able to partner with other ministries to help complete the first printing of these materials, and then fully funded the second printing. Approximately 4000 sets of these materials have been printed and distributed over the past 2-3 years and are in constant use among those who have already received copies. Now, other tribal pastors are asking for their opportunity to obtain these resources.

TOGO, WEST AFRICA

TRAINING CENTER

The West African Training Center was a building project that spanned over a few years and has been very successful in making disciples, and training missionaries and national pastors for ministry. After the initial build, they quickly realized more space was needed for training and we also assisted with the subsequent additions to the original structure.

This ministry has trained pastors who have then been able to go out and plant churches in the surrounding areas.

Over these four years, this ministry has grown from launching a single training center and running small scale trainings (25 leaders, dialect-specific instruction) to a maturing institution with 210+ graduates, ongoing baptisms, and expansion plans reaching into new regions.
