

## BUEA MINI-CONFERENCE 2024

After the East-Adamawa Mini-conference that took place in Bertous from the 4<sup>th</sup> to the 7<sup>th</sup> of July, we are excited to share our trip update of the South-West in Buea from the 13<sup>th</sup> to the 17<sup>th</sup> July. Our team this time around was made up of Yves Kede, Wilson Yuniwo and the National Director.

Yves presented on the God-centered culture. Inviting the Southwest team to a deeper connection with God in the Word and Prayer. The Africa Faith Goals emphasize the concept and practice of God centeredness in everything we do and are becoming as we see God changing the Spiritual landscape of Africa. The SW laborers spent a whole day of the 14<sup>th</sup> on this, praying through the Dash Board. What a refreshing time that was.

The next day, the National Director presented on the National Ministry Strategy and implementation of the Africa Faith Goals at the local level, helping the laborers in identifying their individual roles in the implementation.

The Next Day the National Director (Vincent Taniform) presented on Jesus' model of public Ministry drawing inspiration on his strategy to reach the world. Our Calling, Core Values and Vision all derive their roots from this Model. He then moved on to describe what a Missional Community is and how it could be formed and

experienced in the ministry in the South West.

Wilson presented on a Funding strategy for the ministry leading a brainstorming discussion on a model that could work for the South West Ministry. His presentation, the last of the day ended with him providing a bible study material that should be included in the discipleship program.

Below are a few feedback from the laborers at the end of the conference:

1. "The presentation on the Faith Goals and National strategy is overwhelming and needs that the leaders break it down into manageable bits for application."
2. "The vision is Big. What is my contribution? I need to identify my own role."
3. "Presentations on God-Centeredness and Funding strategy were quite compelling for me. I now see we need a paradigm change"

The meeting was attended by over 20 laborers and leaders of the South West ministry.

Please be in prayers for Dominick Ndangang who coordinates the Ministry in the SW region. Pray for His wife and family. Also pray for His team as they seek ways to implement the lessons learned during the conference.

The National Director
