To advance the Gospel of Jesus and his Kingdom into the nations through spiritual generations of laborers living and discipling among the lost

Dear friends,

Accept New Year greetings from Yaoundé (Cameroon).

It's been about 8 months since we were installed as national director of the Nav ministry of Cameroon. Our foci for these months have been on relocating from Bamenda to Yaounde, settling down, helping our children transition with school, and learning to be acquainted with our environment and task as well. Here bellow are a few summaries that will update you on our current situation.

Family:

Mary had health challenges during the first two months of our stay in Yaounde. But after several checkups and diagnosis, she's currently undergoing treatment and her health is getting better.

Kurtis just moved to the University of Buea a few weeks after our relocation and we've been moving to Buea regularly to help him transition well.

Keziah is doing well in Dschang where she is doing her university studies too.

The last three children Kendra (16), Kemuel (13) and Ruthney (10) are with us and are all adapting rapidly in secondary and high school.

Ministry.

Ministry so far has mostly been around developing a framework that will accommodate the contextual implementation of the African Strategy (Faith Goals). Some of the major activities include:

- Setting up an ad-hoc committee which is working on the policies and structure of the ministry that will enable us to adequately implement our faith goals.
- Brainstorming with the National Leadership Council (NLC) to seek ways of moving forward together for maximum impact.
- Developing a 5 years strategic plan for the ministry.
- Setting up ministry goals and planning for 2023.
- Doing one-on-one coaching with some field staffs and local regional coordinators.

Ministry Goals for 2023.

We will be seeking to

1. Ensure effective grassroots ministries (evangelism, establishing disciples and equipping labourers) across the entire ministry.
2. Engage a missions thrust in the East Region of Cameroon.
3. Ensure that Labourers and leaders are being identified, trained and developed.
4. Ensure improved ownership of THE CORE among leaders and labourers.
5. Lay foundations for healthy relationships in the ministry.
6. Begin strengthening our institutions by building a robust funding mechanism and communication systems to enhance sustainable ministry growth.

Our prayer.

Would you, please, join us in prayers as follows:

For clarity on our tasks and collaboration among leaders (Do two walk together unless they have agreed to do so? (Amos 3:3).

For unity in mind and purpose within our leadership and within the broader ministry (Phil 2:1-5).

For the emergence of missional communities that are engaging new grounds with the gospel (Romans 10:12-17)

May God bless and keep you all as we anticipate a more fruitful year 2023 in our Lord's Harvest Field.

Best regards

Vincent and Mary, Taniform
