WHO: You and yours! For all ages and abilities. You do not need to have a construction background as we are guided by someone as we build the house. Knowing Spanish is helpful but not necessary. If someone plans to attend that is under the age of 18, they need to be accompanied by an adult or previously arranged with one of the pastors at North. Some sites may not be handicap accessible, so please communicate with North ahead of time to get clarity.

WHAT: A basic itinerary is listed below. On this 1Mission house-building trip, you'll witness the transformational power of providing shelter, community and the love of Jesus. 1MISSION is the leader in organizing and leading short-term mission trips with a long-term impact to Rocky Point Mexico. They are Christ-centered, safe, affordable, and hassle free. It's their mission to connect people to people, not people to projects. We would come alongside a family who has invested hundreds of hours in their community, and in just a few days help build their house. We will truly be on a mission 'with' not 'for' them.

WHERE: About 4 hours away over the Mexican border past Sonoyta. We stay at 1Mission base camp about 15 minutes outside of Rocky Point (Puerto Peñasco) Mexico. We will build a house in that area as well. The address is for base camp is 83566 Puerto Peñasco, Sonora, Mexico.

OTHER DETAILS: A passport or a travel ID is required. Waiver will be sent out to be signed closer to the trip. Safety information, dietary needs, Mexican culture and climate will be shared at the training/planning meeting before our trip.
