

MISSIONARIES OF THE MONTH:

Ben & Julie Jensen

Ben and Julie serve on MTW's church planting and development team in Japan's third largest metro area, Nagoya. Ben is the team leader, and he mentors missionaries and interns and works with Japanese pastoral staff at Nisshin Church. Ben preaches at both Nisshin Church and Nozomi Chapel (a developing church site downtown), and he and Julie host young adults' Bible studies in their home and also disciple new Christians. The

Jensens have just ended a busy term on the field and returned to the US for a year of Home Ministry Assignment, in which they will be traveling extensively to connect with supporters and churches and to share about what God has been doing in Nagoya during their past 4 years on the field.

Praises & Prayer Requests:

Praise the Lord for providing our family with a rental house in a convenient location in KC and for also providing financial aid that will allow our boys to attend a great Christian school for the year.

Please pray for good health and rest for our family, as we arrived back in the US exhausted after a stressful time closing down our lives in Japan and now we are beginning to re-set up life in America.

Pray for our Japanese co-worker, Atsushi San, as he has taken on Ben's leadership of the college ministry at Nisshin Church (Hospi) while we are away. Pray for him to have energy and enthusiasm for this important role and for the Lord to sustain him and his family financially, spiritually, and emotionally.

Pray for the 5 summer interns currently serving with Atsushi San in college ministry at Nisshin Church - 3 Americans, 1 Japanese American, and 1 Japanese from Nagoya. We are thrilled to have such a great group of Christian workers helping do outreach, evangelism, and discipleship this summer.

Pray for Yu San, a Christ Bible School graduate, who began his internship at Nisshin Church this past spring.
