

The Scientific Age

Review – two revolutions

- Bloodless - England Reformation Base – God word, man’s fall
 Limited Government
 Government by consent of the governed
 Checks and Balances
 Rights given by God, not man
- Blood Bath France Humanistic Base – man’s autonomy

Galileo and Copernicus – proved Aristotle wrong that the sun was the center of the universe, not earth.

Oppressed by Roman Catholic Church because it threatened the teaching of the church

Pascal -Barometer

- man was not a cosmic speck of dust without meaning
- Man could comprehend the stars
- The stars could comprehend nothing
- Man was special because Christ died for us

Psalm 19: 1-2

The heavens declare the glory of God, and the sky above^[a] proclaims his handiwork.

²Day to day pours out speech, and night to night reveals knowledge.

Psalm 8:1-4

O LORD, our Lord, how majestic is your name in all the earth! You have set your glory above the heavens. Out of the mouth of babies and infants, you have established strength because of your foes, to still the enemy and the avenger.

³When I look at your heavens, the work of your fingers, the moon and the stars, which you have set in place,⁴what is man that you are mindful of him, and the son of man that you care for him?

Newton – gravity, speed of sound

- Intense interest in the bible
- Wrote more commentary on scripture than on science
- He began with God of the bible as the creator (why)
- He was discovering truth about God by studying the creation
- Science and the bible were compatible

Bacon – Lord Chancellor of England

1. The fall was real as described in the bible
2. Man was not on his own in the universe
3. Took the bible seriously regarding creation (Genesis account)

All these “fathers” of modern science held a similar view of creation

Book of God’s Word – bible

Book of God’s Works – creation

For them, there was no separation between science and faith.

Chinese Science – lost interest – no Christian basis for the study

Arab Science – lost interest – no Christian basis for the study

Science Today

- Loss of Christian base
- Man has no meaning besides himself
- Morality is relative
- Significance is confused
- Point of life randomly defined by individual
- Life loses meaning

Darwin – Origin of Species

- Life evolved from the molecule to the universe
- Man evolved from a lower life form to human life form
- Time, matter, chance
- Mathematically impossible
- Natural selection never discovered or proven – only a theory

Produce Hitler – Arian Race – removing of the impure, social engineering for purity.

Without the Christian base authorities manipulate for their own purposes and become increasingly authoritarian. Elites govern the masses and control the population.

Man as a machine – loses humanity

Boundaries between what man should do gets blurred

Right and wrong become subjection

Man ends up doing what he CAN do, verses what he OUGHT to do (right)

Bible is the only reference point where by one can make right judgments and critical thinking.

AIH – husband

AID – Donor

Morals, ethics and values – chosen arbitrarily
Arbitrary absolutes are then imposed on the society

Science has become as a new religion
We are conditioned to accept what the new science tells us.

Who controls the controllers?
What is value of the continuation of mankind?
