### Prayer for the Persecuted Church–Iran

Authorities sentenced a man involved in evangelism to 10 years in prison for his Christian activities. The government also confiscated his family's possessions and revoked his wife's right to work, even though she has their small children to care for. Her own family has also rejected her, but the global body of Christ is standing with her. The church in Iran is one of the fastest growing in the world despite increased government persecution of church leaders.
