

Outline of Jude

Unfortunately, I didn't write down what we had on the board so when I got home, I went through it again. As discussed, your outline may look different and that's ok. This isn't provided as a "right" answer. It is just an example to guide you as you work through it on your own.

Some of you will have more or less detail. However you break it up, you should find that the key transitions line up generally with what I have here. Also, you should find that there is a general correspondence between the sections even if yours looks different. Don't overthink it.
